

Terms of registration temporary number plate

It is free of charge, without the need to submit documents for the vehicle.

1. The maximum length of a temporary change of registration plate is determined by the length of the parking permit (POP):

- 16 days (annual POPs);
- 8 days (semi-annual POPs);
- 4 days (quarterly POP);
- day (monthly POP)

2. Minimum length of temporary change of SS: 15 minutes.

3. The start and end of a temporary change can only be entered in multiples of 15 minutes.

4. A temporary change can be entered until the number of days is exhausted according to the duration of the parking permit.

5. If a temporary amendment is shortened before it starts, it shall not count towards the limit set.

6. A temporary change can not be entered with retroactive validity.

Notification:

If you exhaust a temporary change in the Client Zone, it can be set up in person at the parking permit dispensary, see [Methodology](#).
